

Hot air tool

HL 1620 S

EAN 4007841351106

Functional description

Drying plasterwork, lighting the barbecue or finally getting round to waxing those skis: around the home and elsewhere too, there are endless jobs to be done. Just as well when there's professional assistance. The HL 1620 S hot air tool helps to overcome everyday challenges with effortless ease. Adjustable in two stages, this all-rounder works in a temperature range of 300 or 500°C, comes with an optimised weight balance for fatigue-free work as well as an integrated thermal cut-out. And all weighing in at only 670 grams. Second to none!
