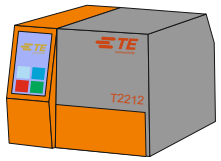
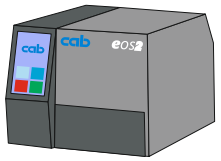
How to install the printer driver

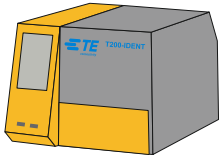
Follow these steps for the printer models shown opposite.



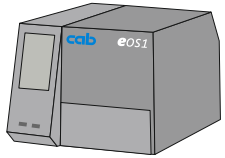
T2212



EOS2



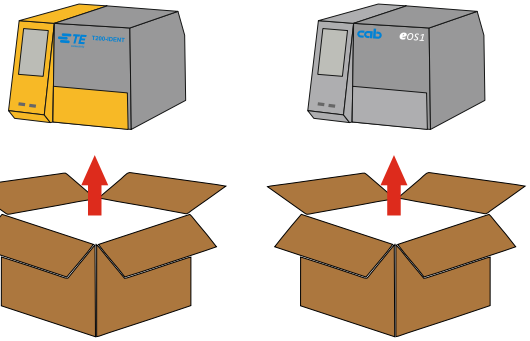
T200-IDENT

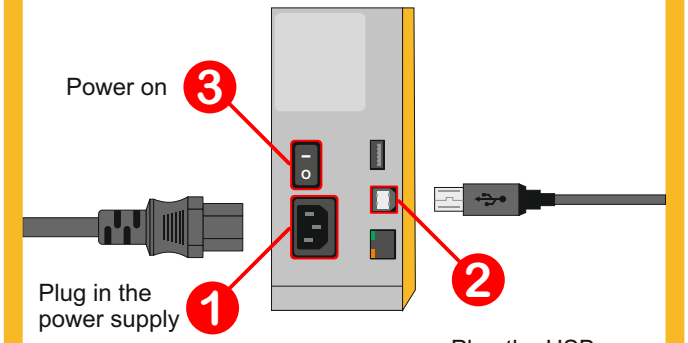


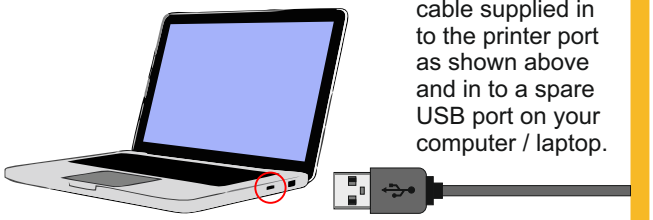
EOS1

1. Connect T200 or EOS1

T200-IDENT and EOS1





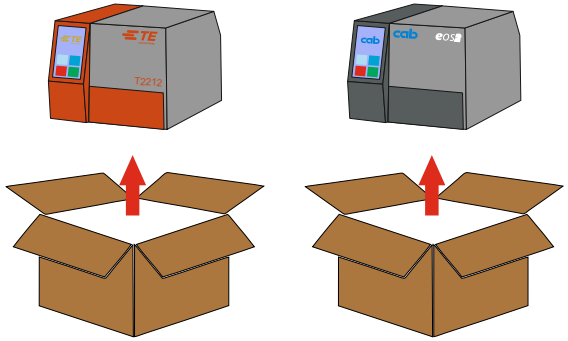


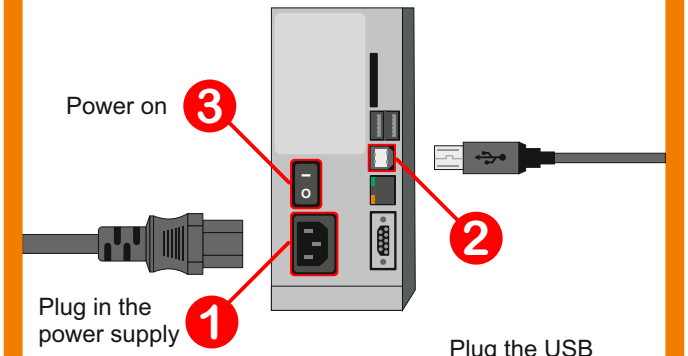
Plug the USB cable supplied in to the printer port as shown above and in to a spare USB port on your computer / laptop.

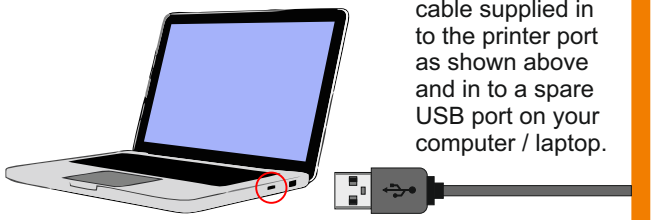
Note : Always use the same USB port on your PC for the printer you are installing.

1. Connect T2212 or EOS2

T2212 and EOS2





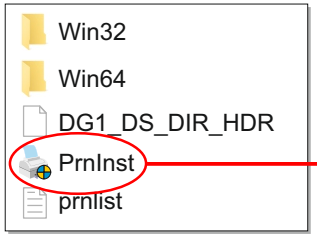


Plug the USB cable supplied in to the printer port as shown above and in to a spare USB port on your computer / laptop.

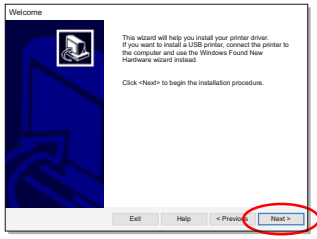
Note : Always use the same USB port on your PC for the printer you are installing.

2. Install Printer Driver

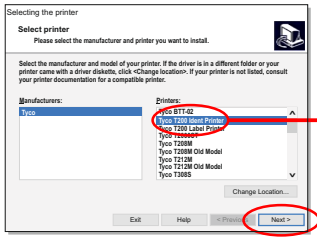
Follow for all 4 printer models



1 Open the print driver folder and double click the print installer icon.

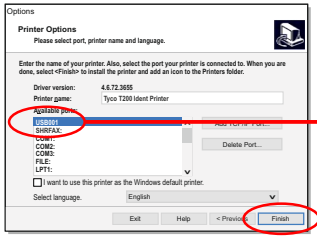


2 When the printer wizard opens click “Next”.



3 Click and select the “T200 Ident Printer”
(select this driver for all four printer models)

4 Click “Next”.



5 Select “USB001”.
(If you have other USB devices installed you will need to select the latest USB port number)

6 Click “Finish”.
